# Information about the village of Brigerbad

Brigerbad and its surroundings offer a wide variety of activities for hiking enthusiasts. The village is situated at the south ramp of the Lötschberg railway and therefore connects directly with the BLS high trail. Brigerbad is the ideal base for hikes to the Balt-schieder and Gredetsch valleys with their legendary «Suonen» (irrigation

channels) from the medieval times and well-known signposted hiking trails. Thanks to Brigerbad's central location, visitors can reach world-famous holiday regions such as Zermatt, Saas-Fee, Chamonix and Crans-Montana in less than an hour.

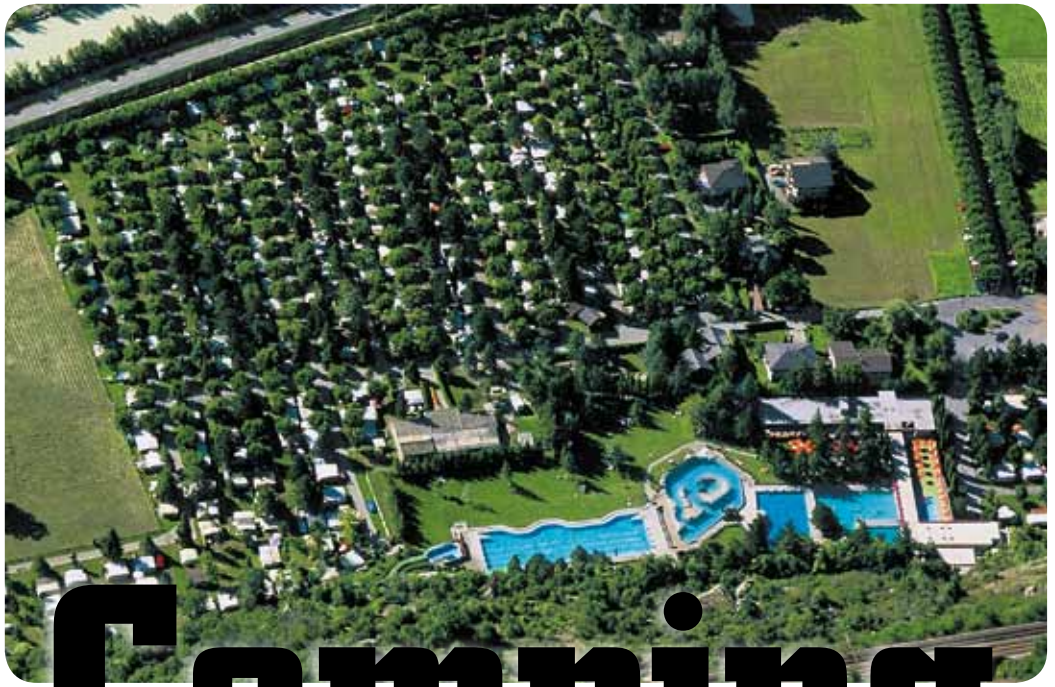

# Relax

## and rejuvenate in Brigerbad

Prof. O. Gübeli from Zurich Institute of Technology, who carried out a thorough analysis of the Brigerbad thermal springs, wrote: «The thermal springs of Brigerbad, situated between Brig and Visp on the northern side of the Rhone valley, supply valuable mineral water. The hot water rises from the many chasms in a rock cavern and col-

lects in a natural rock pool. The spring water contains lithium, sodium, calcium and sulphate. The thermal water is absolutely pure and imparts a sense of well-being.»

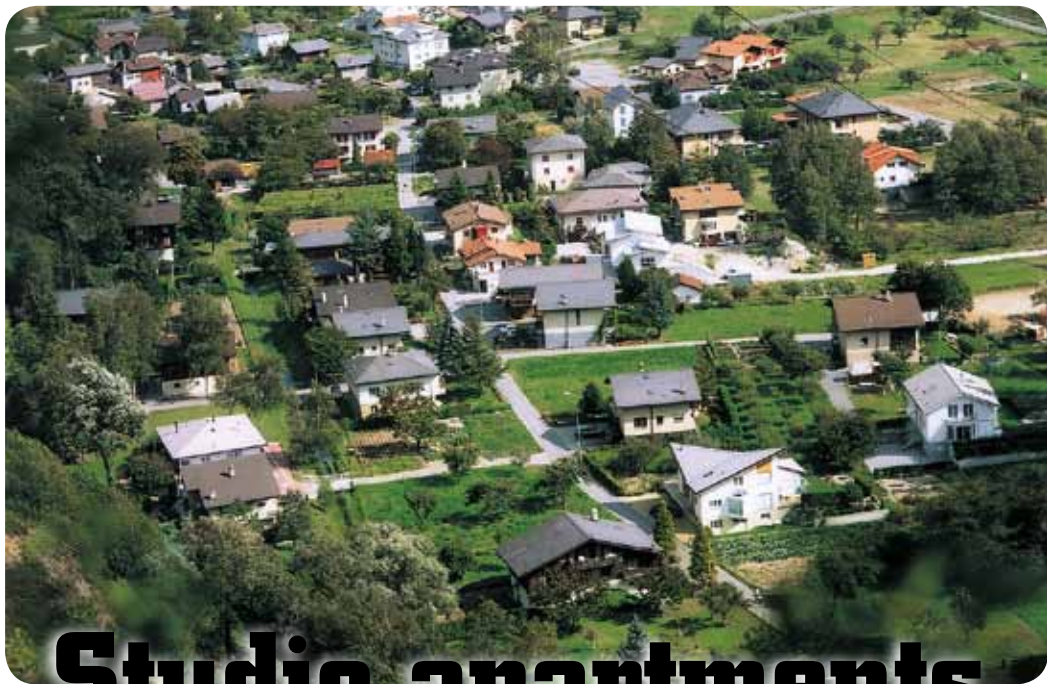

# Camping and more

Brigerbad is a paradise for camping enthusiasts. Situated right next doors to Switzerland's largest open-air thermal spa, our visitors can enjoy camping holidays at their best.

Including:

- 4-star camp site with more than 350 electricity outlets
- modern hygienic facilities
- restaurant and grocery store (self-service)
- children's playgrounds and sports fields
- fitness trail
- biotope
